

Row	PetroKarKia Engineering Consultant Project List (Done, Execute)
1	Participation/ consortium in the Sea waters sweetening and seawater desalination 41,000 cubic meters per day and transfer to Lamerd as BOO (Start)
2	Joint venture PetroKarcKia Co. for sea water sweetening and sea water desalination of 700,000 cubic meters per day in special Persian zone IMIDRO Special Area as BOO (Evaluation)
3	Consortium with a Chinese company for the production of MEG directly from natural gas petrochemical (EPC).(Agreement)
4	Damavand Petrochemical Managing Contractor
5	Engineering consultant and design of underground networks & Surge calculation study in ISFAHAN Refinery
6	Engineering study and data gathering and preparing technical documents for Petroyazdan Kavir Refinery ( 5000 barrels) data gathering
7	Consultant and Engineering for old plants in operation, such as surface facility and Crude Oil Desalter Packages, Refinery, ...etc.
8	Engineering Procurement service, control quality& inspection for offshore plant and surface facility of crude oil production from Norway manufactures, before and after purchase order
9	Engineering consultant services for establish centralized terminal That Loading and Unloading exportation of Floating roof storage tank Mahshahr /Faravaresh-Petrochemical project
10	Feasibility study and integrated of investment packages in 40 industrial projects in the Shiraz special economic zone
11	Consultant, Engineering and design of survey project for firefighting systems in Fajr jam gas refinery
12	Engineering consultant services and producing tender documents (Phases I and II) of the construction project for the fuel station of the Kharazmi petrochemical
13	Completion and commissioning of chambers and mechanical equipments for water wells of KOLA SAFA at the Sports Complex - Mahmoud Abad Training Center National Iranian Oil Company
14	Engineering consultant design and engineering services and technical assistance and infrastructure design for Zeiton city in Iraq- Baghdad (3000 unite)
15	Managing Contractor at EPC project of a new city (Zeiton) ,3000 units in Abu Ghraib-Baghdad-Iraq
16	Feasibility study and investment consultant for increasing capacity of PVC,VC at Abadan petrochemical
17	Feasibility study and investment consultant for producing of polytetrafluoroethylene plants
18	Feasibility study and investment consultant of producing of Calcium Stearate plant
19	Feasibility study and investment consultant for locating and producing ,12 MW electrical power by pyrolysis municipal waste recycling system
20	Feasibility study and investment consultant for producing of Polymeric Alloys plants
21	Feasibility study and investment consultant for producing of Titanium Tetrachloride plants
22	Engineering design , consultant services and managing contractor of LPG, NAPHTA, MTBE, and Petrochemical Reconstruction Project
23	Feasibility study and investment consultant of production of Ammonia petrochemical plant
24	Feasibility study and investment consultant of production of Poly- isoprene plant
25	Feasibility study and investment consultant of production of the production of isoprene plant
